Shirpur, Maharashtra, India

## PROFESSIONAL SUMMARY

Software developer experienced in

- Developing Android and web applications using Java, JavaScript, and modern frameworks
- Building real-world projects with authentication, database integration, and responsive design
- Applying problem-solving skills and OOP concepts to create efficient and scalable software solutions

## TECHNICAL SKILLS

**Programming Languages:** Java, Python, C, C++

**Mobile Development:** Android Development (Java, XML)

**Web Technologies:** HTML5, CSS3, JavaScript, Responsive Design

**Database:** MySQL, SQLite, Firebase

**Tools & Technologies:** Git, GitHub, VS Code, Eclipse, Android Studio

**Core Competencies:** Object-Oriented Programming, Data Structures, Algorithms, Problem Solving, Data Analytics

## PROFESSIONAL EXPERIENCE

### Web Development Intern

4 May 2024 – 4 June 2024

Coding Raja

- Developed responsive web applications using **HTML, CSS, and JavaScript**
- Built user-friendly UI components with focus on performance and accessibility
- Worked on real-world projects improving frontend design and functionality
- Collaborated with team members to debug and optimize web pages

### App Development Intern

20 Aug 2025 – 20 Sep 2025

CodSoft

- Designed and developed mobile application interfaces and features
- Implemented core logic using programming concepts and structured design
- Improved problem-solving skills through real-world development tasks

### Shopify Training Program

Nov 2025 – Present

Being Ambitious

- Finished intensive 6-week industrial training program focused on Python programming and software development
- Gained hands-on experience with programming fundamentals, and control structures
- Developed multiple practical projects demonstrating proficiency in Python libraries and frameworks
- Executed Object-Oriented Programming concepts including classes, inheritance, polymorphism, and encapsulation

## PROJECTS

### Rural Connect – Government Scheme Portal(2024)-

- Built a full-stack web app using MERN stack for government scheme access
- Implemented search, eligibility checker, and admin panel features
- Designed responsive UI with Tailwind CSS and integrated backend APIs.

## Website Phishing Guard (2025)-

- Developed phishing detection system using **Python, ML, HTML, CSS, JavaScript**
- Analyzed URLs to identify malicious websites and improve security
- Created interactive UI for real-time detection and results

## Alumni Management System

- Built web platform using **PHP and HTML5** for alumni-student interaction
- Implemented **login, registration, and data management features**
- Designed simple and user-friendly interface

## CERTIFICATIONS

- 
- **Coding Raja - Web Development Internship:** Completed internship focused on building responsive web applications using HTML, CSS, and JavaScript.
  - **CodSoft - App Development Internship:** Gained hands-on experience in mobile app development, application logic, and debugging.
  - **MKCL - C++ Programming Certificate:** Validated proficiency in C++ programming concepts and problem-solving skills.

## ACHIEVEMENTS & ACTIVITIES

- 
- Secured **1st Prize at District Level** and **3rd Prize at State Level** in academic/competitive events.
  - Participated in **Smart India Hackathon (SIH)**, gaining experience in problem-solving and teamwork
  - Active member of **college organizing committee**, contributed to event planning and management

## EDUCATION

---

### SVKM's NMIMS Mukesh Patel School of Technology Management & Engineering

Bachelor of Technology in Computer Engineering

Shirpur, Maharashtra

July 2023 – Present

### SPDM

HSC

Shirpur, Maharashtra

August 2020 – June 2023

### R. C. Patel English Medium School

SSC

Shirpur, Maharashtra

2019 - 2020
